INFANT PARALYSIS * KILLS 58 IN WEEK

Fifty-two New Cases Reported in New York, Bringing Total Up to 379.

NEW YORK, July 2.-Fifty-two new of infantile paralysis were re-to the Health Department yesbringing the total to 379. Fortythree of these were in Brooklyn districts breedy affected, 8 were in Manhattan, and 1 in the Bronx.

The death list reached seventy-six, of

hich fifty-eight were recorded for the week ended at noon yesterday. Of the deaths for the week, fifty-one occurred in Brooklyn.

in Brooklyn.

The war against the epidemic became more general yesterday when Dr. Simon Flexner and Health Commissioner Haven Eineseen addressed a gathering of 100 physicians from the infected Brooklyn district at the Polhemus Memorial Clinic, to easist them in a systematic concentrated fight. Dr. Flexner presented the case from the latest discoveries, while Dr. Emerson told what his department is doing.

Keep Children Secluded.

After this meeting the health comcided to ask parents in the city, paroscided to ask parents in the city, par-ticularly those residing in the vicinity of a placarded house, to keep their children away from all public gather-ings, from churchea and Sunday schools, from picnics, from parties, from moving picture and other thea-ters.

from moving picture and other ineaters.

The public playgrounds and the
recreation piers will not be closed yet.
Careful watch will be kept on them,
but it is thought that to deprive children of thress opportunities for exercise
and fresh air would do more damage
and cause more sickness than to continus them.

In broadening the scope of the work
inspectors began a systematic investigatien of every grocery store, every ice
merchant, every milk depot, every
candy store or stand or fruit stand in
all infected districts. The object is to
see that no person who is in contact
with a sufferer handles any such merchandles, If a fruit stand man somes
from a place infected his stand will be
closed down.

Field Force Increased.

Field Force Increased. field forces in the five boroughs, are working twenty-four hours is possible in the way of prevention, were further increased yesterday. Ten

were further increased yesterday. Ion additional physicians, forty more nurses, and a large squad of inspectors were put to work.

The arrangements now are such that a physician in private practice may obtain the services of a diagnostician by using the telephone, while automatically the police department, the street cleaning department, and the tenement house squads go to work to clean up the premises and enforce the strictest of sentiary laws. the premises and enforce the strictest of sanitary laws.

The work now of the field force after the discovery of a case in a district is to persuade families to permit the transfer of the little patient to a hos-pital.

Mrs. Annie M. Ritter. The funeral of Mrs. Annie M. Ritter will take place from her late residence, Capitol Heights, Md., tomorrow at noon,

Call to Militia Booms Cupid's Stock at Chicago

CHICAGO, July 2-Dan Cupid loves the army. Chicago's June bride crop was in a slump until the border alarm was sounded.

The business picked up and the final score was 4,496, breaking all June records by 638. License clerks said the rush of citizen soldiers to the altar caused the boom in Cupid's stock.

D. C. MILITIA NEEDED FOR ITS CELEBRATION

Because of Lack of Proper Equipment.

One of the hardest worked men in the District militia camp is Dr. A. B. McVeigh, the dentist in the field hospital corps. He is kept nusy a great deal of his time. More than eight reported to him in one night, all suf-fering from neuralgia. They arrived at all hours, necessitating his getting up several times after he had retired and working on the patient to relieve

removed. Dr. McVeigh stated that he considered it very fortunate to have found an instrument in his small out-fit with which to perform the opera-

found an instrument in his small outfit with which to perform the operation.

"The conditions under which I have to work," said Dr. McVeigh, "cause the useless suffering inflicted on a patient's having to sit on a box to have a very bad tooth removed, and the inconvenience to the operator, who has to use his left arm for a head rest."

When asked what equipment he considered necessary, Dr. McVeigh gave the following: An instrument case, portable chair, portable foot engine, various instruments, including forceps, temporary filling materials and special dental medicines.

Dr. McVeigh will ask permission to start a canvass for subscriptions among the officers to purchase part of this outfit. He stated that \$100 would be required to cover the cost.

"This is a good chance for some of the organizations formed to help the guardsmen, to contribute to a good cause. It would take only a few subscriptions from the many people who are willing to aid in the comfort and safety of the militiamen," said Dr. McVeigh.

ROCKVILLE.

Judges Urner and Worthington, in the circuit court, have filed their opinion in the suit instituted to test the validity of a deed from William H. Gingell to Thomas M. Talbott, assigning the former's interest in the estate of his father, James M. Gingell. The decree sets aside the deed and directs that the \$250 paid by Talbott to Gingell be returned together with interest.

At the time the deed was executed, At the time the deed was executed, Talbott was practicing law in Rockville. He had a desk in the office of his father, H. Maurice Talbott, acted as his father's stenographer, and his relations with he sifatther were close and confidential. H. Maurice Talbott, the father, was executar under the will of James M. Gingeil, and it was urged that the rule forbidding an executor to purchase property held by him in trust also applied to the son of the executor when circumstanced as young Talbott was to his father. The court upheld the contention.

Dr. A. B. McVeigh Hard Worked All Plans Completed for All-Day Observance of the Fourth of

July.

All arrangements for Petworth's Fourth of July calebration were com-pleted today. The celebration will mark the eighth

year that the citizens of Petworth have joined in observing Independence Lay. The Petworth Citizens' Association is directing the enterprise.
Forming at 9.30 o'clock at New Hampshire avenue and Quincy street, the

shire avenue and Quincy street, the patriotic pageant will move north in New Hampshire avenue to Upshur struments with which to work.

"There is my whole instrument pase," said the doctor, pointing to three small tool kits, and that lox is my dental chair."

When a man came in yesterday suffering from a tooth which had to be removed, Dr. McVeigh stated that he considered it very fortunate to have found an instrument in his amail out.

consions representing the thirteen colonies.

Athletic events for girls and boys will be held at Libby Park at & o'clock, and at 5 o'clock a basket luncheon will be served in the park.

The patriotic exercises of the day will begin at 6:15 o'clock. The principal address-will be made by Gov. A. M. Dockery, Third Assistant Postmaster General.

C. J. James, president of the Petworth Citizens' Association, will preside.

A fireworks display will conclude the celebration.

FREIGHT CAR WRECKS HOME AND KILLS MAN

Railroader, Asleep in House Meets Death; Brother Hurt.

JOHNSTOWN, Pa., July 2.-Frank Salvitti, assistant foreman for the Pennsylvania railroad, here, was killed instantly, and his brother, Asperino Salvitti, was seriously injured when freight car jumped the track and crashed into the Salvitti residence at South Fork, near here. An open switch was the cause of the accident.

the cause of the accident.

The Saivitti brothers were asleep in bed when the accident occurred. The freight can struck the building and ran halfway through the bed room of the men, cutting down the bed and pinning the occupants beyeath the wrackage.

Frank Saivitti was severely crushed, and died instantly, and his brother, in addition to having his legs crushed, is suffering from internal injuries and numerous cuts.

Senators Now See Possibility of Completing Business by That Time.

Possibility of ending the session of congress about August 20 is foreseen in Senate circles, largely as a result of the rapid progress recently made on the appropriation bills.

Hitherto Senate leaders have said the ession would run until September 1. Now they are disposed to think it may be possible to get through a little be-

be possible to get through a little before that time.
While such important bills as shipping, child labor, oil land leasing, and
the like will take time, it will be possible to hasten them if the Senate gets
in the mood for hurrying along its
work.
A number of the Senators are eager
to go home to mend their political
fences, and this is causing more of a
disposition to expedite business than
hitherto has prevalled.
It is recognized that if there is war
with Mexico Congress probably will not
quit at all.

The Evening Times

WASHINGTON, D. C.

Announces for June, 1916

A Gain of

291%

In Automobile Advertising over June, 1915. All display—no classified included. No special editions—all regular display business from the best cars and tires and accessories on the market.

P. S.—The Saturday Evening Times of July 1 started the ball rolling for July with nineteen display automobile advertisements.

Batting Eyes of Ty Cobb, Super-man Greatest Baseball Player, Tells How Nuxated Iron Gave Him New Life

This great giant of strength and endurance says he now plays a better game than when he was younger.

Physician explains why taking Nuxated Iron gave Ty Cobb such tremendous strength and vitality after he was so weakened and all "rundown"—says it will often increase the strength

and power of delicate, nervous folks 200 percent in two weeks' time. New York, N. Y.—When interviewed in his apartment at Bretton Hall, Ty Cobb said: "Hundreds of people write to me to know how I train and what I do to keep up that force and vitality which emables me to play practically every day of the entire baseball season. They wonder why I can play a better game to-day than when I was younger.

"The secret is keeping up the supply of iron in my cod—exactly what everyone else can do if they will.

"Now they say I'm worth \$50,000 a year to any baseball team, yet without plenty of iron in my blood I wouldn't be worth five cents. Nuxated Iron supplies that 'stay there' strength and vim that makes men of mark and women of power. Continuing, Dr. Sauer said: "Mr. Cobb's case is only one of hundreds which I could cite from my own personal experience which proves conclusively the astonishing power of muxated iron to restore strength and vitality, even in most compilcated chronic conditions."

clusively the ascenishing power of muxated iron to restore strength and vitality, even in most compilicated elironic conditions."

Not long ago a man came to me who was nearly half a century old and asked me to give him a preliminary examination for life insurance. I was astomished to find him with the blood pressure of a boy of 30 and as full of vigor, vim and vitality as a young man; in fact, a young man he really was, notwithstanding his age. The secret he said was taking iron-nuxated iron had filled him with renewed life. At 30 he was in bad health; at 46 he was careworn and nearly all in. Now at 50 a miracle of vitality and his face beaming with the buoyancy of youth. As I have said a hundred times over, iron is the greatest of all strength builders. If people would only throw away patent medicines and nauseous concocitions and take simple nuxated iron, I am convinced that the lives of thousands of persons might be saved, who now die every year from pneumonia, grippe, consumption, kidney, liver amd heart trouble, etc. The real and true cause which started their diseases was nothing more nor less than a weakened condition brought on by lack of iron in the blood. Iron is absolutely necessary to enable your blood to charge food into living tissue. Without it, no matter how much or what, you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you ewe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two flye-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then tast your strength again and see for yourself how much you have strength again and see for yourself how much you have strength again and see for yourself how much you have strength out of weeks time, project the strength of the strengt

"At the beginning of the present season I was nervous and run down from a bad attack of tonsilitis, but soon the papers began to state "Ty Cobb has come back." He is hitting up the old siride. The secret was iron—Nurated Iron filled me with renewed life. I am estonished at the tremendons strength and endurance which I so quickly obtained from taking Nuxated Iron—
I feel younger and stronger today than ever before in my life, and the proof is shown by the fact that I play a better game than when I was younger.

A good batter must be in prime physical condition—he needs a cool head, a quick eye and tremendous strength to put the swing behind the bat.

Ty Cobb is undoubtedly the greatest baseball player in the history of the game. A short time ago he was weakened and all "rundown"—to-day he is a miracle of strength and endurance, due to filling his blood with plenty of iron. He says Nuxated Iron has given him new life and renewed energy and put the old-time vim and vigor of youth into his blood.

NOTE.—Nuxated Iron, recommended above by Dr. Sauer, is not a patent medicine nor secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians everywhere. Unlike the older inorganic iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stemach; on the contrary, it is a most potent index in nearly all forms of indigention as well as for nervous, run-down conditions. The manufacturers have such great

confidence in Nuxated Iron that they offer to

forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks fron and increase their strength 200 per cent or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by Jas. O'Donnell Drug Stores. People's Drug Store, and all seed drugsters.
